Storage conditions, shelf life and the date of minimum durability

The product has to be stored dry and preferably at a temperature between 15 and 25 °C. Under these conditions and stored in the unopened, original packaging, the product can be kept for 6 months after production date.

GMO - Statement

Lebbe Sugar Specialties declares that only non - Genetically Modified (non-GMO) ingredients have been used in all its products. Consequently, these products are non-GMO, as described in regulations (EC) No 1829/2003 on genetically modified food and feed and No 1830/2003 concerning the traceability and labelling.

We look at modern genetic modifications without prejudice, and are following further scientific developments. Any decision in the future to use such techniques in our industry will only be taken after due and conclusive scientific consideration, under strict guarantees of safety, in the best interest of our customers and with the fullest respect of all legal requirements.

Of course we will leave nothing undone to keep our customers informed on any eventual evolution in this matter.

Other declarations

- The product does not contain alcohol;
- The product does not contain artificial sweeteners;
- The product nor any of its ingredients are irradiated.
- Safety data sheet

The product is a food ingredient and not a hazardous substance as defined in Regulation (EC) No 1272/2008, Article 3 and Parts 2 to 5 of Annex I.

As the product will not constitute a hazard deriving from a physical hazard, a health hazard or an environmental hazard, and as the product is not an additional EU hazard class, Regulation (EC) No 1272/2008 does not apply to the product.

Therefore, a safety data sheet is not necessary and not mandatory.
